## MOD DE LUCRU:

Rugati un adult sa va ajute sa fixati piesele cu un fier de calcat!

1

Acoperiti plansa de lucru cu hartia furnizata.  
De asemenea, puteti utiliza si hartie de copt!

2

Rugati un adult sa puna fierul de calcat fierbinte pe piesele acoperite cu hartie, astfel incat partea de sus a pieselor sa se topeasca un pic.

ATENTIE! Nu folositi abur si nu lasati fierul prea mult timp,  
deoarece plansa de lucru se poate topi!

3

Lasati piesele sa se raceasca inainte de a scoate produsul final din  
plansa de lucru!

Folositi un ac pentru a face o gaura in care sa inserati inelul  
bijuteriei.
